

**TRACTOR TUG
“ALESSANDRO NERI”**

BRIEF DESCRIPTION

ALESSANDRO NERI Type TRACTOR tug is specially designed to assist ships during berthing unberthing operations in port. With two SCHOTTEL azimuth thrusters, highly manoeuvrable, this tugboat has its drum towing winch located on the main deck aft, thus allowing to switch from towing to pushing within seconds. A towing hook is fitted on the main deck aft, giving an even higher operational flexibility. It offers a fire-fighting 1 (2 x 1200 cbm/hr) and REC OIL capability. The vessel is fitted with an automation for engine room, according to notation IAQ1.
